

# VET MEET SUMMER CAMP

São Miguel - Azores

June 15th - 19th 2026

SCIENTIFIC  
PROGRAM

# ADVANCED IMAGING TRACK MONDAY

09.00-10.30

**Thorax: The good, the bad, the ugly - Pieter Nelissen**

10.30-11.00

**COFFEE BREAK**

11.00-12.30

**Checking the Moving Parts in Thorax CT - Tobias Schwarz**

12.30-14.00

**LUNCH BREAK**

14.00-15.30

**Abnormal thoracic vasculature: A surgical inside - Pieter Nelissen**

15.30-16.00

**COFFEE BREAK**

16.00-17.30

**Go with the Flow: Vascular CT - Tobias Schwarz**

17-30-18.30

**KCC - Session**

19.30

**Culinary Walking Tour**

# US/FLURO TRACK- MONDAY

09.00-10.30

**When breathing and swallowing collide:  
Navigating aerodigestive disorders in  
brachycephalic dogs - Carol Reiner**

10.30-11.00

**COFFEE BREAK**

11.00-12.30

**Aerodigestive disorders in brachycephalic dogs: the  
next steps - Pieter Nelissen**

12.30-14.00

**LUNCH**

14.00-15.30

**Failing airways, different causes: Why  
bronchomalacia requires a unique diagnostic  
imaging approach - Carol Reiner**

15.30-16.00

**COFFEE BREAK**

16.00-17.30

**Surgical approach to lower airway disease - Pieter  
Nelissen**

17.00-30-18.30

**KCC - Session**

19.30

**Culinary Walking Tour**

# ADVANCED IMAGING TRACK TUESDAY

10.15-11.45

**Rethinking Lumbosacral Instability Part I- Zina Beznakova**

11.30-12.30

**Dilation versus Dilatation in Abdominal CT - Tobias Schwarz**

12.30-14.00

**LUNCH**

14.00-15.30

**Obstructions and alterations to CSF flow in the brain: hydrocephalus and more - Joe Fenn**

15.30-16.00

**COFFEE BREAK**

16.00-17.30

**Obstructions and alterations to CSF flow in the spine: chronic myelopathies - Joe Fenn**

17.30-18.30

**KCC Session**

# US/FLURO TRACK- TUESDAY

10.15-10.45

**Videofluoroscopic Assessment of Respiratory Dynamics: Beyond Tracheobronchomalacia - Rachel Pollard**

11.00-12.30

**Videofluoroscopic Swallow Studies: The What, When and How of Measurements - Rachel Pollard**

12.30-14.00

**LUNCH**

14.00-15.30

**Down the Hatch: A Practical Guide to Videofluoroscopic Swallow Studies in Canine Aerodigestive Disease - Rachel Pollard and Carol Reiner**

15.30-16.00

**COFFEE BREAK**

16.00-17.00

**Aerodigestive disease doesn't discriminate: Shedding light on aerodigestive disorders in cats - Carol Reiner**

17.00-17.30

**Choke Points: Case-Based Insights into Pharyngeal and Upper Esophageal Sphincter Disorders in Dogs - Rachel Pollard and Carol Reiner**

17.30-18.30

**KCC Session**

# ADVANCED IMAGING TRACK WEDNESDAY

9.00-10:30

**How can advanced imaging complement electrodiagnostics in neuromuscular disease? - Joe Fenn**

10.30-11.00

**COFFEE BREAK**

11.00-12.30

**Peracute disc herniations and emboli: differentiating on MRI and clinical exam - Joe Fenn**

12.30-14.00

**LUNCH**

15.00

**SOCIAL PROGRAM** as selected during booking

# US/FLURO TRACK- WEDNESDAY

9.00-10.30

**Biliary tree in cats:**

**Today on Ultrasound - Dominique Penninck**

10.30-11.00

**COFFEE BREAK**

11.00-12.30

**Renal ultrasound: an update - Dominique Penninck**

12.30-14.00

**LUNCH**

15.00

**SOCIAL PROGRAM** as selected during booking

# ADVANCED IMAGING TRACK THURSDAY

9.00-10.30

**Spinal fractures and luxations: getting the best out of advanced imaging - Joe Fenn**

10.30-11.00

**COFFEE BREAK**

11.00-12.00

**MRI predictors of prognosis in acute spinal cord injury: where do we currently stand? - Joe Fenn**

12.30-14.00

**LUNCH**

14.00-15.00

**The Big Leap: Understanding Rabbit and Rodent CT - Tobias Schwarz**

15.30-16.00

**COFFEE BREAK**

16.00-17.30

**Sink or Swim: Assessment of Gravity in CT - Tobias Schwarz**

19.00

**GALA DINNER**

# US/FLURO TRACK- THURSDAY

9.00-10.30

**Urinary collecting system: The place of ultrasound - Dominique Penninck**

10.30-11.00

**COFFEE BREAK**

11.00-12.00

**Bladder US: not so simple... - Dominique Penninck**

12.30-14.00

**LUNCH**

14.00-15.00

**Down, Back, and Wrong Pipe: Videofluoroscopic Cases of Esophageal/Gastroesophageal Disorders and Aspiration in Dogs - Rachel Pollard and Carol Reinero**

15.30-16.00

**COFFEE BREAK**

16.00-17.30

**US exploration of the stomach: Challenges and tips in dogs and cats - Dominique Penninck**

19.00

**GALA DINNER**

# ADVANCED IMAGING TRACK FRIDAY

11.00-12.30

**Videofluoroscopic case discussion: Tips you can use in your practice when you get home on Monday - Rachel Pollard**

12.30-14.00

**LUNCH**

14.00-15.30

**Love is in the Air (Trauma Imaging) - Anna Adrian**

15.30-16.30

**KCC Session**

# US/FLURO TRACK- FRIDAY

11.00-12.30

**Videofluoroscopic case discussion: Tips you can use in your practice when you get home on Monday - Rachel Pollard**

12.30-14.00

**LUNCH**

14.00-15.30

**Love is in the Air (Trauma Imaging) - Anna Adrian**

15.30-16.30

**KCC Session**
